

THE GAZETTE.

WEDNESDAY EVENING APRIL 3.

SOME FAMOUS SHIPS.—The Boston Advertiser, in recounting the history of the Great Republic, which was built at Donald McKay's shipyard in Boston, says:—Here have been built more fast clipper-ships than in any other shipyard in the world. Here was launched the Lightning, the fastest ship ever known. She made the trip from Melbourne to Liverpool in sixty-eight days, a time that has never been equalled by a sailing ship. The James Baines and the Champion of the Seas were sister ships, and at the time of the great Sepoy mutiny sailed from Portsmouth, England, with troops, on the same day, and after one hundred and thirty-eight days entered Bombay on the same evening and at the same hour. Here originated that famous series, the Sovereign of the Seas, Empress of the Seas, Champion of the Seas and Glory of the Seas. Mr. McKay has built one hundred and fifty ships, and in the years 1855 and 1856, within fourteen months, thirteen were launched from his yard. These were the palmy days of this now neglected branch of American industry, when our yards were the glory of the nation and the envy of the world. The last ship launched by Mr. McKay was the Glory of the Seas, in 1869. She is of two thousand one hundred tons, and the largest ship now sailing under the American flag. Since then the yard has been silent and deserted.

DEACON JOHNSON is a great temperance man, and sets a good example of total abstinence, as far as he is seen. Not long ago he employed a carpenter to make some alterations in his parlor. In repairing the corner near the fireplace it was found necessary to remove the wall, when lo! a discovery was made that astonished everybody—a brace of decanters, a tumbler and a pitcher were easily reporing there, as if they had stayed there from the beginning. The deacon was summoned, and, as he beheld the bottles, he exclaimed: "Well, I declare! that is curious, sure enough. It must be that old Bains left them when he went out of this 'ere house thirty years ago." "Perhaps he did," returned the carpenter; "but deacon, the ice in the pitcher must have been friz mighty hard to stay all this time!"
